

## Worker's Compensation Board of Indiana (INWCB) Announcement

### Indiana Claims Release 3.1, Version 1.5 EDI Requirement Tables are Now Available!

Date: December 13, 2019

INWCB has posted the Indiana EDI Claims Release 3.1, Version 1.5 EDI Requirement Tables (Rev: 12-12-19, Effective: 03-23-20) that are immediately available for download at <https://inwcbedi.info/>. You will find the updated tables under the "EDI Requirements" links on the left-hand side of the page. The changes to each document are located in the "INWCB Change Log" at the beginning of each document.

A few changes we would like to draw to your attention are as follows:

#### **Event Table:**

Notice of Suspension, State Form 54217 will no longer be required to be filed (by EDI or by paper) with the Board. Notice should be sent to the injured worker using the form found on our website <https://forms.in.gov/Download.aspx?id=8218> but this form will not need to be sent to the Board. We encourage those carriers who issue State Form 54217 to retain a copy of the issued form for their records.

#### **Element Requirement Table:**

Indiana is taking the new ITIN number DN0437, no longer putting ITIN in ID Assigned by Jurisdiction but using this dedicated DN.

#### **Edit Matrix:**

Accident Premises Code is a new field Indiana will now be taking allowing us to note when an accident occurs outside the primary place of business. The ability to note when an accident occurs at home is in response to an Indiana sponsored IRR.
